Where Educations Meets The World

Company Overview

1

Academic Horizons Holdings is a South African-registered education and academic services company committed to advancing quality education, skills development, and institutional excellence. The company operates as a holding entity that develops, manages, and supports education-focused initiatives, and partnerships across the education sector.

2

Through innovative, learner-centred, and sustainable solutions, Academic Horizons Holdings works with schools, training institutions, educators, learners, and stakeholders to strengthen academic outcomes and contribute to long-term human capital development in South Africa and beyond.
